

ADMISSIONS POLICY

In line with our Mission and Vision, at GIS we do not select our students by ability. Subject to space being available, we will admit any student who we believe will be able to access, and benefit from, the curriculum offered for their age level. This may be with or without additional support.

Where additional support is needed, the student will not be admitted until the requisite support is in place.

Students are placed by age, unless the school and parents agree that an alternative placement is in the best interests of the student, and of the wider student body.

Applications and capacity

Applications are accepted throughout the year, and students will normally be admitted 2 school days after all enrolment processes have been completed.

We offer 2 classes in each year group, with the exception of Early Years (one class).

Allocation of places and waiting lists

Places are allocated on a first come, first served basis, based on fulfilment of the enrolment process, until classes are full.

Where a class is full, waiting lists are created with students given priority as follows:

- Priority 1: siblings of existing students
- Priority 2: returning students (parental work related relocation/gap year), students from our corporate partners and students transferring from our sister schools
- Priority 3: students transferring from other FOBISIA schools
- Priority 4: students transferring from other international schools/English speaking schools
- Priority 5: all other students

NB: Within each category, a student seeking boarding provision will be given higher priority than a day student, if the boarding house has spaces.

If an application is received from a student who is considered higher priority than a student already on the waiting list, that student will be placed higher on the list than the student already registered. Students of equal priority will be placed on a first come, first served basis.

Date policy approved by SEB: 5 September, 2019
